Toate plăcile unui lot prezintă variații intenționate de nuanță (V4). / All products of the entire batch show big deviations in shade difference V4.

Pentru a obține un efect natural al suprafeței, precum imaginea prezentată mai sus, vă sugerăm ca înainte de a placa o suprafață să selectați plăci din mai multe cutii și să le mixați între ele sau chiar să încercați rotirea plăcilor cu 180°.

Before laying the tiles, we suggest you select from several cartons and arrange them as illustrated in the inspiration photo documentation in this catalogue or website www.cesarom.ro, and mix the tiles to achieve the required result including turning them by 180°.
